AND REHABILITATION HOSPITAL**

Riccardo Aggujaro

Project Manager

Thumbay Physical Therapy and Rehabilitation Hospital

Introduction

A dedicated professional with over 15 years' experience in the field of health and medical technologies, Mr. Riccardo Aggujaro has got international experience across emerging and developed markets and in both business and not-for-profit sectors.

His ability to combine hands-on clinical practice with management responsibilities has taken him to senior management roles across leading healthcare projects in Europe, Middle East, North Africa and India. His strong interpersonal skills, high credibility, able to build and maintain relationships with a wide range of stakeholders has given him a reputation in the industry.

Healthcare Management Professional with International Experience

Riccardo has handled senior project management roles in various capacities, across different countries with varying economic and industrial standards.

Presently, he works as the Project Manager of the Thumbay Physical Therapy and Rehabilitation Hospital, Ajman, UAE, owned by the Dubai-based global conglomerate Thumbay Group. The hospital is the largest of its kind in the country.

Prior to joining Thumbay Group, he handled several senior roles, the most recent of which was his 5-year tenure as Global Clinical Director with Reha Technology AG, Olten, Switzerland.

He has also worked as Community Health Consultant, Bocconi University, Centre for Research on Health and Social Care Management – CER GAS, Global Health and Development Department, Milan, Italy, as Disabilities and Rehabilitation Expert with UNRWA - Italian Government, International Cooperation - Ministry of Foreign Affairs (MAE), Cairo, Egypt, as Project Specialist with Villa Beretta Hospital, Italy for the National Institute for NeuroMotor Systems (NINMS), Cairo, Egypt and as Project Manager at S. Raffaele Hospital, Italy for the Indian Spinal Injury Center (ISIC), New Delhi, India.

His experience as a freelance Physiotherapist spans public-private healthcare systems at various locations over a period of 6 years, with an emphasis on neuro-rehabilitation.

Education

After completing B.Sc. in Physiotherapy from Università Vita Salute S. Raffaele, Italy, Riccardo did his Master's degree in International Health Care Management Economics and Policy – MIHMEP from the SDA Bocconi, School of Management, Italy. He also holds a Certificate of Advance Studies - CAS in Clinical Trials Practice and Management, from the Basel University Hospital, Switzerland.

Regular Speaker at Global Conferences

In view of his extensive international experience, Riccardo is regularly invited as a speaker at international conferences and symposia. Some of the prominent events where he shared his experiences and insights include:

- World Confederation for Physical Therapy, World Congress (WCPT), 2017 at Cape Town, South Africa.
- World Confederation for Physical Therapy, Asia Westner Pacific Region Congress (WCPT, WPT), 2017 at Bangkok, Thailand.
